The story gives that their death was caused by a mysterious Oriental wegetable poison additional to be a lady of aristocratic

malady, the King following the Queen to the grave within a few weeks. The story goes that their death was caused by a impaterious Oriental vegetable poleon administered by a lady of aristocratic Portuguese birth who feared the King's attentions to her. Petro was succeeded by his nephew, King Lois, grandfather; of Manuel, King Luis and his sixteen-year-old brother. Pertinand, were suddenly taken with the same symptoms as King Petro. An English physician gained admittance to the place and administered an antidote for the poleon. Ferdinand died the next day, but King Luis recovered, who together with his eldest son. Crown Prince Luis Philipe, was assassinated in the streets of Lisbon in February, 1908, and thus the right of succession devolved upon Manuel, the assassination of Carlos and his son was the culmination of the corrupt government and injuderably heavy taxes instituted by Carlos upon his accession to the thome in 1953. King Manuel, during his short return, had no time to the thome in 1953. King Manuel, during his hort return, had no time to change the order of government and his deposition in 1954 was due to political and fonduess for ladies of the stage, as some are inclined to attribute it. The issues of Valceve, the Russian dancer, and Gaby Deelys were frequently mentioned with that of the young King, hower.

mother, Queen Amelie. Manuel took up his residence at Wood Norton, Evesham, England, his poverty having forced him to accept the haspitality of the Duke of Orleans. The republican government of Pertugal has granted Manuel a pension of 3,300 a month, but this is not administra-for the needs of the young man, who still retains the title of king and main-taines a retinue in kingly fashion.
